

ExCeL Venue Services

'Creating *Unique* event experiences'

As the UK's leading convention and exhibition centre, ExCeL London has the expert capabilities required to manage all aspects of our clients' events. ExCeL Venue Services (EVS) is our newly expanded suite of end-to-end quality managed solutions for event organisers and exhibitors.

Options are tailored to meet the unique needs of conferences, congresses, exhibitions and other events, and through our in-house teams and industry leading partner organisations we provide solutions to meet all event challenges.

Flexibility

Services can be provided either individually or as a totally integrated solution, including full project management support and reporting. Dedicated project managers will discuss your needs and manage every aspect of the services you require.

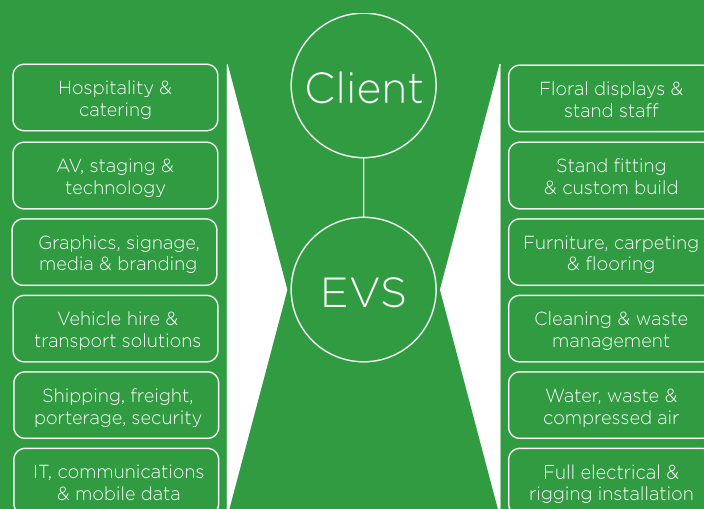

Efficiency & cost management

As the owners of ExCeL London, we provide integrated in-venue services with exceptional efficiency and work with our network of accredited partners to provide best value to over 300 events every year.

Single point of contact

Your project manager is available to act as a single point of contact for all services and placing orders is easy with our user friendly on-line system. Bespoke deployment options are available to create organiser and exhibitor portals for individual events.

The integrated end-to-end event solution

Plus bespoke services and online ordering platforms to meet unique client needs
