

ExCeL London Expansion Project

Community Newsletter

June 2022

Introduction

The ExCeL London expansion project will deliver an additional 25,000sqm of premium event space, with 12,000sqm of exhibition space on the ground floor, seamlessly integrated into the existing venue. This will be complimented on the upper level with high end convention space, state-of-the-art meeting rooms and catering facilities.

The aim is to create the most sustainable development possible, targeting a Building Research Establishment Environmental Assessment Method (BREEAM) rating of 'Excellent' - surpassing the recognised industry standard.

Project works

Main project works shall be taking place from 21st March 2022 until completion in 2024.

Metal fencing and 2.4m high plywood hoarding around the perimeter of the site, encapsulating the site as works expand from its initial setup. This will allow for the continued breaking of the existing car park surface to prepare to piling later in the year.

Site Operating Hours

The site is operating within the limits agreed within the London Borough of Newham, and any deviation from this shall follow approved procedure and neighbours shall be notified.

Hours sometimes need to be changed to allow for an abnormal delivery, making safe of the working area, or other priority works.

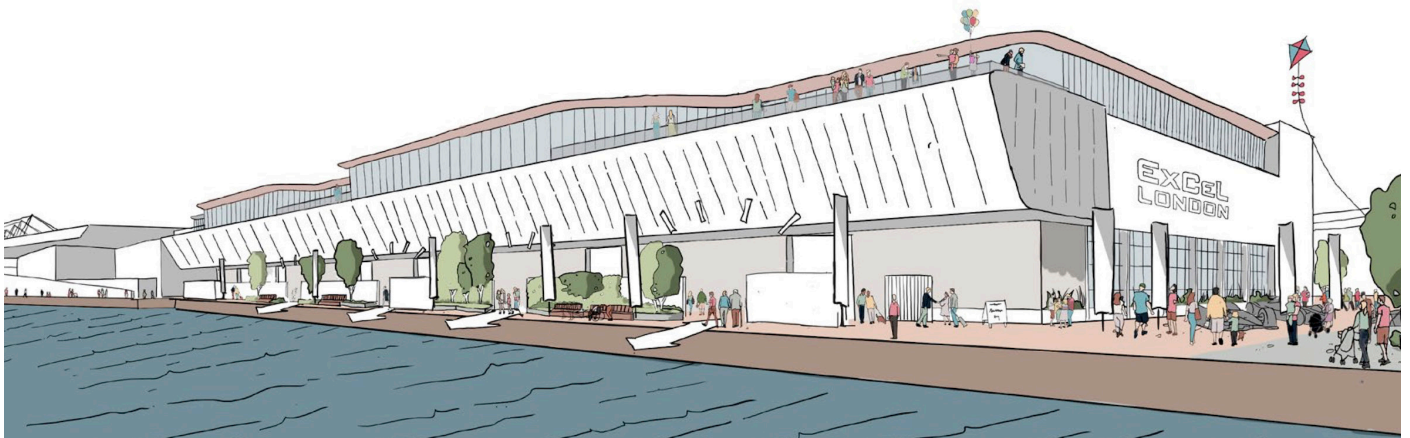

Monday - Friday	08:00 – 19:00
Saturday	08:00 – 19:00
Sunday	09:00 – 18:00
Bank Holidays	No working

Meet the Team

On Monday 13th June we will be hosting the first monthly community meeting via Microsoft Teams, giving you the chance to hear about the development and meet the construction team.
